ABOUT ME

I am a Web Development student focused on front-end with foundational knowledge in back-end technologies, with experience in HTML, CSS, JavaScript, React.js, PHP, and MySQL.

I am interested in creating accessible, functional, and responsive interfaces.

I am organized, solution-oriented, and motivated to learn and collaborate with a team on real-world projects.

PROJECTS

Check out my portfolio: <https://catarinaventura.github.io>

Both projects were developed during my course at Master D for evaluation purposes, and they share several similar features, such as:

- Registration, login, and shopping cart systems
- Management of users, products, and/or events
- Full CRUD task management with database integration
- Responsive and accessible design
